

Keep any part of your design you don't want cut within the blue line.

Leave the dummy numbers, PIN, QR code, magstrip and text in place. Be sure to put in your own URL in there!

Keep the background white or very pale colour, and ensure the white box behind the QR code remains

The fonts and colour of any variable data cannot be changed.

When we send this off to print, we'll send across all the codes needed to be printed and encoded.

Don't forget to turn off the guide layers before sending to print!

Safety line

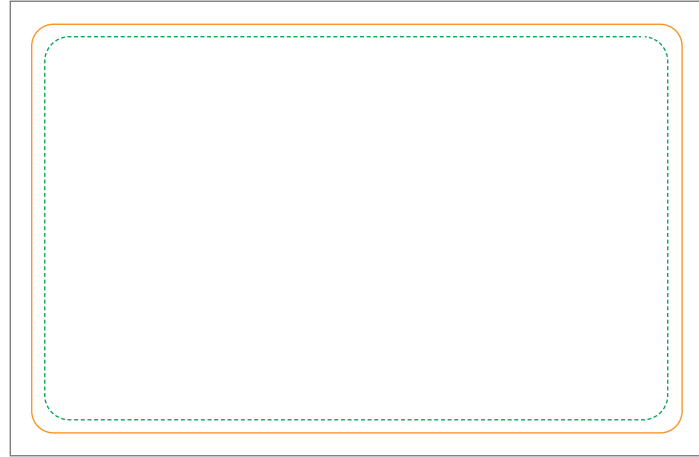

Bleed line

Extend your graphics or backgrounds 3mm to the grey line.

Trim line

We will cut your card along the red line.

Finished size: 86x54mm

Finished size: **86x54mm**
