

Get more sales by offering physical cards with Toggle

We'll design, print, set-up and fulfil them for you

You've got a couple of options

On - demand print

Increase sales by 30%

For every online physical order, we print a beautiful, fully branded, A4 tri-fold card, put it in a premium envelope and stick it in the post.

Sell online - Rapid set up - Fully branded - Unlimited stock

Cards and holder

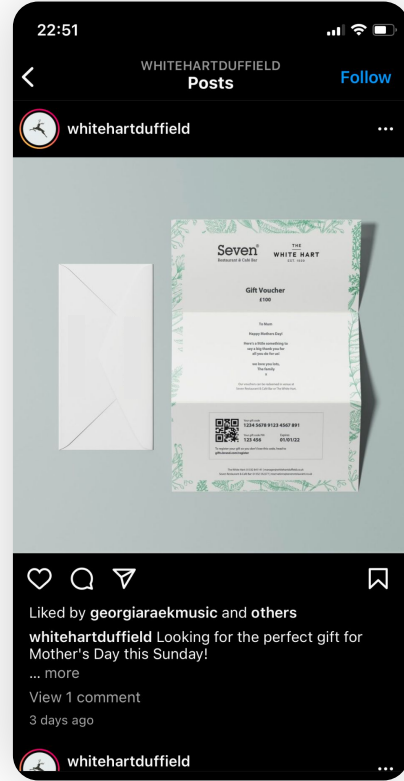

Rocket sales by 60%

Buy cards and holders upfront, and we'll distribute them between your locations for at-the-till sales, and our warehouse for online orders.

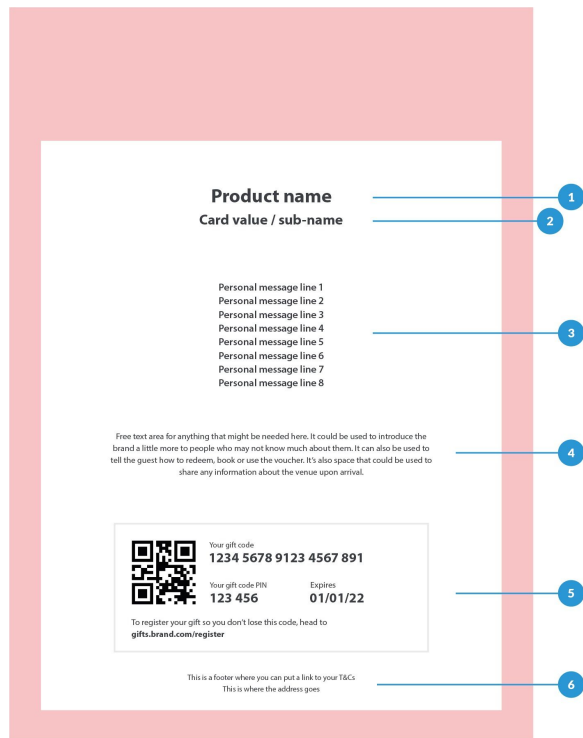

Sell online - Sell in-venue - Fully branded - Two product ranges

On - demand print

What info is shown on an on - demand print?

1. The product name is the item your guest has bought from your webshop.
2. If your guest has purchased a monetary gift card, the value of this will display here. If they have purchased an experience, the sub-name (if you have one) of that experience will display instead of the value.
3. Any message that your guest writes with the order will display here.
4. This is the space for you to write something that'll help your guests know how to use their gift, and learn about your brand. Whilst you can type anything in there, we envisage that you could use it to explain more about the gift, how to redeem it, and maybe a bit about yourselves for those who may not know you.
5. You could consider this section the actual 'gift card'. This carries the code, and information needed to redeem, check balance and register the gift.
6. You can use this footer space to direct your guests to your Terms & Conditions, or let them know your address.
7. The **red box** shows the area in which you can design whatever you like.

£160 for each subsequent design on your account.

Cards and holders

**Green
Gift Cards[®]**

At Toggle, we prioritise sustainability and are committed to reducing our environmental footprint; which makes [Green Gift Cards](#) an exciting partner of ours. They are the only carbon-measured and certified provider of environmentally friendly alternatives to plastic cards. Green Gift Cards' innovative and disruptive approach to the gift card market aligns perfectly with our values. As pioneers of truly sustainable solutions, they are the market leaders in sustainable, plastic-free gift cards.

We're proud to collaborate with Green Gift Cards as we work together to promote eco-friendly practices and make a positive impact on our planet. We believe that, where possible, we should replace plastic with sustainable options, like paperboard, so that nature can handle these products (should they end up in landfill). All Green Gift Cards are certified biodegradable and compostable. So, by addressing this at the manufacturing level, we aim to support our Toggler and your customers in reaching your environmental goals.

Our physical cards

As green as it gets

Zero-to-landfill production - Biodegradable card finishes Traceable supply lines - Green energy powered paper mill and forest in Sweden - Zero-harm disposal

EcoLite

660 micron paperboard

These gift cards are printed on 660 micron Invercote paperboard

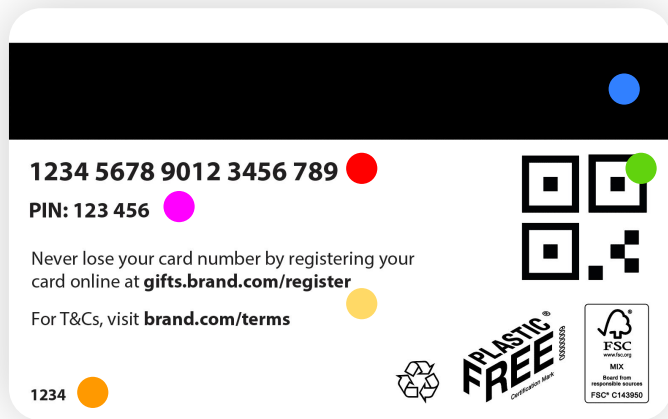

EcoBoost

790 micron paperboard

These gift cards are printed on 790 micron Invercote paperboard - only available on large print quantities

And it looks like this on our EcoLite Cards

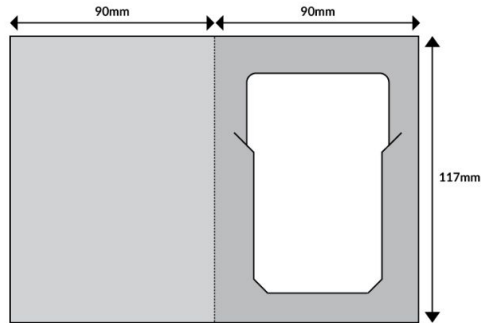

Finished size: 86 x 54mm

- This is our recommendation for wording, but you can write anything in this space that you want. The font, size and colour can be anything you want!
- This is the gift card number, unique to every card.
- This is the PIN used by your guests, in conjunction with the card number, when they're checking their expiry date and card balance online
- This QR code can be scanned at the till (if you have a scanner) to rapidly input the card number into your system, instead of typing it
- This magstripe code can be scanned at the till (if you have a scanner) to rapidly input the card number into your system, instead of typing it
- This sequential number is used by our fulfilment warehouse when sending cards out in the post for you

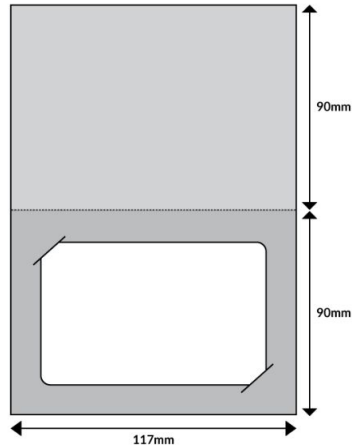

In the EcoLite range, there are two holder variations

The Folder

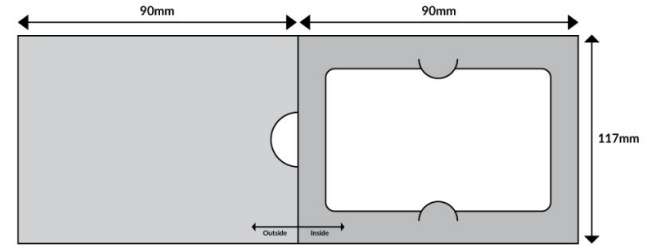

The Folder - Portrait

The Folder - Landscape

The pocket

The Pocket

What now?

How do I get going?

On - demand print or cards and holders?

Get in contact with your sales or Customer Success contact here at Toggle and let them know if you want on - demand print or cards and holders.

If you want cards and holders, we'll need to know:

- How many cards and holders you want
- Which types of cards and holders you want
- Let us know if you want Toggle Plus, so we manage the fulfillment of your online orders
- The addresses you want us to send to

What's the design process?

Our gift card designers will work with you to put together a design you'll love. To kick things off, send us:

- Logo
- Brand colours
- Brand fonts
- Any other brand assets

Timelines

On - demand print

From the approval of your design, we'll have it ready to sell within a few weeks.

Cards and carriers

From the approval of your design, it usually takes 4 - 6 weeks to get everything printed, delivered, set up and ready to sell.
